

Started Pet Puppy Program

This program is a very unique program for customers who want a puppy but want to avoid the difficulties of raising one. The basic program includes:

- Crate training
- Basic puppy obedience (sit, come, down, off)
- No bite, no chew, no jump

Boarding

- Staff on site 24 hours

Boarding School

Training your pet while you are away

Inquire about our board and train program; have your dog learn manners while you are on vacation. Minimum 3 weeks.

Exercise Time Available Additional cost

Regular daily exercise reduces the stress of boarding. Sign your dog up for playtime in the 2-acre fenced yard or leash walks around the pond.

Playtime is one on one with a handler; we can throw balls, or just let your pet enjoy the freedom. Dogs trained by DeCoverly Kennels, or dogs that come reliably when called, can get off leash pond swimming time.

I've been working with her just like you said and just wanted to say thank you again!
